STERLING INSURANCE
ADDING VALUE

Sterling Insurance is a specialist, independent underwriting agency. We offer a range of market leading insurance solutions exclusively to insurance brokers. With a strong track record in delivering niche insurance solutions to our clients, we pride ourselves on delivering quality service to all our broking clients. With offices in Sydney, Brisbane and Perth we service brokers Australia-wide. Most importantly, we only get involved where we can add value.

NICHE PRODUCT OFFERINGS

We offer solutions for a variety of risks; Liability, Professional Indemnity, Contractors Plant & Machinery, Directors & Officers Liability and Contaminated Products Insurance. With dedicated underwriters in each of our product areas we are able to offer tailored advice, particularly on niche or complex risks.

ADDING VALUE TO YOUR BUSINESS

Working closely alongside our valued insurance broking partners we consistently seek to add value. We pride ourselves on our customer service and prompt turnaround times allowing you to get on with what you do best. We provide brokerage on all placements and we do not charge fees unless you agree to us doing so. We only want to be involved if we can ADD VALUE which is why we will suggest an alternate market if we believe they can offer a better solution.

OUR PEOPLE MAKE THE DIFFERENCE

Our professional team's extensive experience and commitment to service has earned us a reputation as a market leader in all our areas of expertise. We have broad experience from both an underwriting and broking perspective, this puts us in the unique position of understanding your objectives as an insurance broker.

WE'RE DIFFERENT

We are different from other agencies and wholesale brokers because:

- We develop tailored, as opposed to 'off-the-shelf', solutions
- We provide up to 20% commission
- We deal exclusively with insurance brokers
- We do not charge fees unless you agree to us doing so
- We only want to be involved if we can ADD VALUE
